Make the switch to Kentucky Bank in just three easy steps!

Changing banks doesn’t have to be a complicated process. We will be there to guide you and make the transition easy, because your time is important. Switch your account in three simple steps.

1. **OPEN A KENTUCKY BANK ACCOUNT**
   If you have not already opened your new account, you can do so by stopping by one of our Kentucky Bank locations or going online at www.kybank.com. We have a variety of checking accounts, each designed to fit your specific needs.

2. **SWITCH AUTOMATIC PAYMENTS AND DIRECT DEPOSITS**
   Stop using your old checking account, and let the checks you have written clear. Let us help you switch your direct deposits and automatic payments, such as payroll, mortgage, or utility payments.

3. **CLOSE YOUR OLD ACCOUNT**
   Now that your checks have cleared and you’ve changed your automatic deposits and payments, there’s just one more step – close your old accounts. We’ll take special care to help you every step of the way.
